

Students and Parents,

Welcome to Mrs. Holtry's Math Class. During this class, you will be taught using a different instructional method called "The Flipped Classroom Model."

The Flipped Classroom method requires students to complete what would normally be done in class at home, and the work traditionally completed at home in class. Does this mean you will never have homework in this class? NO!

Your homework in Math will take on a different form. Instead of completing worksheets and other assignments at home, you will watch lecture videos created and/or assigned by Mrs. Holtry. You will be responsible for watching these videos on your own time. They will be available on your My Weber Account. You can access these videos on your personal computer, tablet, or smartphone.

Along with the video, you will be required to complete a quiz, which upon completion, will indicate that you have actually watched the video.

If you are unable to watch these videos due to lack of Internet and/or device access, please inform Mrs. Holtry in a timely manner so other arrangements can be made. [anholtry@wsd.net](mailto:anholtry@wsd.net)
